> The standard login details for the charging station are:
>
> Username: root@etrel.com
>
> Password: toor

Prepare the charging station via the web interface

Connect to the charging station via the web browser using the IP address and log in with the access data.

You should now see the following screen.

Now click on "Save" and the charging station is configured.

Checklist:

- Authentication required > **must be enabled**
- Deactivate authorisation when the charging stations are offline > **must not be activated**
- Is the charging station online on the Eponet portal?

Now continue with step 4.
